EDMONTON, ALBERTA

FEBRUARY 13, 1975

## M.E. LA ZERTE 1885-1975

M.E. LaZerte, first Dean of the Faculty of Education, died in Edmonton Sunday, February 2, 1975 at the age of 89. Born in Iroquois, Ontario, Dr. LaZerte received an honors BA from the University of Toronto in 1909 and graduated from Calgary Normal School a year later. He received an MA from The University of Alberta in 1925, an MEd in 1927, and a PhD from the University of Chicago the same year. He joined the staff here in 1924 as a lecturer in philosophy. In 1927 he became assistant professor in Psychology and Education. Eight years later he was appointed head of the School of Education; in 1940 he became its principal when the school became a college; then two years later, when it attained faculty status, he became its first dean.

Dr. LaZerte retired in 1950 but stayed on at the University in a variety of special positions. In 1956 he accepted an appointment as Dean of Education at the University of Manitoba, where he remained until 1959. A year later he won a seat on Edmonton's City Council. In 1962 he was elected to the Edmonton Public School Board, and he served as its chairman until he retired in 1971. Dr. LaZerte published many articles and books during his career. Many of them dealt with the teaching of mathematics, while others dealt with broader aspects of education. He also worked tirelessly for better teaching methods and higher teaching standards. In recognition of his effort, The University of Alberta awarded him an honorary Doctor of Laws in 1963.

## PEOPLE

■ The University of Alberta hosted a one-day seminar for high school guidance counsellors February 6 at which presentations were given by all of Edmonton's post-secondary institutions. The seminar also provided an opportunity for the staffs of provincial high schools and post-secondary institutions to talk to one another on matters of mutual interest.

The Admissions Policy, Evaluation, and Liaison Division of the Office of the Registrar was responsible for the arrangements.

■ Drawings by staff and students of the Department of Art and Design were shown in a recent exhibition (the Fourteenth Annual Calgary Graphics International) at the Alberta College of Art in Calgary. They were: Linda Fisher and Gary Olson, staff; and Liz Gagnon and Cathy Mott, graduate students.

■ M. Horowitz, Dean of Education, and T. Aoki, D.A. MacKay, and H.T. Coutts, all of that faculty, served as external evaluators of programs in teacher education at the University of British Columbia.

■ G.L. Berry, Chairman of Secondary Education, was co-director of a winter festival seminar held in the USSR December 27 to January 5, jointly sponsored by Kent State University, Phi Delta Kappa and Pi Lambda Theta. There were 201 participants, nearly all students and educators. Most of the time was spent in the cities of Leningrad and Moscow. Although the schools were closed for a mid-winter break, opportunities were provided to view facilities and to consult post-secondary personnel.

■ Clarence H. Preitz, Associate Professor of Industrial and Vocational Education, has an article in the January/February issue of the *American Metric Journal*.

■ Divertimento for Brass Quintet by Violet Archer, Professor of Music, has been published by Berandol Music Limited of Toronto. It was commissioned by the Montreal Brass Quintet in 1962 and premiered by that group in Montreal on March 26, 1963.

■ M.P. Browne, Associate Professor of Elementary Education, will serve part-time as an Assistant Dean in the Faculty of Education, effective July 1, 1975.

## GRADUATE SCHOLARSHIPS AND AWARDS

Notices regarding other awards and scholarships are posted in the Student Awards Office, 219 Central Academic Building. All inquiries should be directed to L. Henderson, Administrator of Student Awards, 432-3495.

### Student Awards Office

#### Dissertation Fellowships

Nominations for Dissertation Fellowships are invited. About 25 awards will be offered. *Value:* \$4,200 over 12 months, which must start between May and January 1. Awards are subject to federal income tax. These fellowships are intended for students who have firm expectations of completing doctoral programs within 12 months of start of tenure (but not someone who can finish in a few months). Recipients who find that they are able to complete their program in less than the 12-month period are expected to do so. The amount paid will be on a pro rata basis. *Conditions:* (1) Candidacy examinations must be passed before tenure begins. Normally holders would begin tenure the first of the month following candidacy. If there is justification for delaying tenure date, a full or partial Intercession Assistantship may be awarded for the period between May 1 and August 31, but support during any portion of the time between September 1 and December 31 would be the responsibility of the department; (2) Students who have held a Dissertation Fellowship will not be eligible for any further support from University sources such as scholarships, bursaries, or assistantships of any kind. Therefore nominations which are premature should not be made; (3) An extension of an additional three months may be approved if the student's supervisor and department chairman certify that there were unexpected delays in completing the program; (4) Students who have been selected for Dissertation Fellowships but receive major awards from outside sources will be asked to accept the latter; and the committee will supplement such awards, if necessary, to bring the value up to \$4,200 for 12 months; (5) Holders must be registered as full-time students during tenure of the award; (6) Holders may not accept any other remuneration for departmental duties or for any outside employment; (7) These nominations will cover only the Dissertation Fellowships. These students must have applied in the regular way for other scholarships if they wished to do so; (8) As a general principle, spouses of faculty members may not hold a Dissertation Fellowship. However, exceptional cases of hardship will still be considered.

### Parks Canada—Graduate Scholarships

*Value:* \$4,000. *Number:* 10. *Fields of study:* park management; park planning; resource conservation; outdoor recreation; environmental studies; interpretation and extension; Canadian historical archaeology; restoration architecture. *Where tenable:* at

Canadian or foreign universities and Canadian community colleges. Students must be registered full-time or must be doing full-time research on theses during the 1975-76 academic year. *Apply to:* Student Awards Office. *Closing date:* March 3, 1975.
